

# R.T. LARGE

THE COMPLETE BATHROOM PORTFOLIO

ESTABLISHED 1969

FEBRUARY 2026

## A Warm Welcome

RT Large is one of Ireland's leading wholesale and distribution companies for the plumbing and bathroom sector in Ireland. With branches in Dublin and Dungannon we are continually expanding to meet the growing needs of the Irish market. Our locations ensure efficient distribution and access to products.

With 50 years experience and a trusted reputation, our team carefully source each item to provide you with the highest quality in bathroom design and functionality. We stock a variety of well-known brands such as RAK Ceramics, Bayswater, Tavistock, and Saniflo to name a few.

**TERMS & CONDITIONS** For a full list of terms and conditions please contact us directly. Please note, all measurements are in millimetres and together with photographs and technical drawings are for guidance only. Colours may vary. Images shown are for guidance only. We reserve the right to change specification without prior notice. Please note due to manufacturing tolerances pipe centres on radiators and towel warmers may vary by +/- 10mm, we recommend that pipe work is not altered until your towel rail / radiator is on site.

**COMPATIBILITY** Whilst the majority of R.T. Large's bathroom products are compatible, care should be taken on product selection prior to ordering to avoid installation issues. Technical drawings are available on request.

**ERRORS & OMISSIONS** In the interest of continuous development of products, R.T. Large reserve the right to change colour, designs and product specifications without prior notice.

# Our Quality Guarantee

At R.T. Large, we are confident in the quality and durability of our products to offer warranties across all our ranges. Our dedicated Technical Support team are available to offer you the quality service you can rely on.

**FINDING FINISHES**

Our catalogue offers an extensive range of everything for your bathroom. Start with finding your perfect finish and then match to your perfect accessories.

**Chrome** offers great versatility when choosing colours and accessories, its easy to match from a wide variety of ranges. **Matt Black** can provide the basis for a stunning monochrome aesthetic but also will pair really well with feature colours such as green or navy. **Brushed Brass** combines warmth with character and now offers more than just a traditional or vintage aesthetic. **Gunmetal** is a subtle finish that can blend a range of styles cohesively but its also one that can mix and match with black and chrome for a unique tonal scheme.

**Gunmetal**

**Matt Black**

# Style your way

When it comes to creating your perfect bathroom, our portfolio is designed to offer the most choice, in everything you need for your bathroom, across all budgets and styles, in one place.

Start your project with inspiration! Take time to browse websites, social media and magazines to see what style ignites your passion.

Take screenshots on your phone and make a folder of all your inspiration. This is great to have with you when you are visiting showrooms or retailers to show them your inspiration.

Always pick the style you love rather than trends, trends will fade but you want to love your bathroom for a long time to come!

We are confident you will find everything you need from R.T. Large.

THE COMPLETE BATHROOM PORTFOLIO.

## Explore Space

When planning your bathroom, take into consideration the space you have versus what you need.

Keep an eye in our portfolio for space saving ideas such as short projection furniture - these are units that have a shallow depth and take up less space.

Ask yourself, do you need a bath or would you prefer a large shower instead - decide what works best for the time you and your family spend in your bathroom and use your space accordingly.

## FEATURES & OPTIONS

### SOFT CLOSE DOORS / DRAWERS

Lessens the stress on hinges and hinge plates, and adds longevity to your furniture.

### PUSH TO OPEN

No need for handles or knobs. The telescopic drawer slide gives full access to the drawer, also has a disconnect option for easy installation and removal.

### SHORT PROJECTION

The perfect choice for those looking to gain some extra space in their bathroom, this option gives a slim depth unit while not compromising on functionality. Designed not to protrude as far as standard depth units, these take up less space in the bathroom.

### CERAMIC BASIN

Ceramic Basins offer durability in your bathroom. They have an extremely strong surface that is resistant to scratching, chipping, and impacts, which makes them able to withstand the rigors of everyday use.

### WORKTOP BOWL OPTION

Choose from a selection of worktops and a variety of styled vessel basins and not limiting your choice to the traditional ceramic basin.

### ISOCAST BASIN

Isocast basins are synthetic resin moulded and give a slick and precise finish in bespoke shapes. These basins are a unique and stylish addition to your bathroom.

### WORKTOP UNDERSLUNG BASIN

Providing function with style, these basins allow for more worktop space, a perfect choice in a busy bathroom environment.

### CHOICE OF HANDLES

Enjoy bespoke custom feel with our range of handles, whether it's ultra modern or more traditional style, the choice is yours.

### STORAGE BOX OPTIONS

Our modular box design is cleverly proportioned to fit seamlessly in your furniture drawers. Ideal for organising bathroom essentials, and the choice of lids is also available.

## Fabulous Furniture

EXPLORE OUR COMPLETE PORTFOLIO OF FURNITURE FOR ALL BATHROOMS.

Our furniture features not only exceptional functionality, but an expansive range of choice in sizes, colours, finishes and brands to create a bespoke look and style that is uniquely yours.

**The Perra offers a minimalist elegance that meets everyday practicality.**

It features soft-curved edges that add a designer touch. The ranges comes configured for both wall hung and floor standing options. It's short protection design with the curved features is an ideal choice for smaller spaces without compromising on style. Wall hung offers a floating aesthetic while floor standing offers more storage space.

Complete the look your way with interchangeable handle options to match your interior personality, from ultra-minimal to subtly decorative.

Available in a sophisticated Matt Anthracite or Halifax Oak finish, Perra brings a modern statement to any living space

# CADENCE

Floor Standing Cloakroom Unit  
Matt Oxford Blue | Single Door | Black Cadence Handle 4

A clean and refreshingly uncomplicated design. Cadence's angular form perfectly captures understated style. Choose from an extensive collection that includes various sizes in a wide range of finishes, across two distinct design styles; fluted and slab fronts.

A host of handle choices and open storage option are available, allowing you to completely customise your configuration.

Why compromise on style with this compact and practical unit that is ideal for cloakrooms, ensuites, and smaller bathroom spaces.

Wall Hung 600mm | Twin Drawers | Cacao Brown | Claddagh Black Onyx Countertop

Units come with glass drawers

Wall Hung 600mm | Twin Drawers  
Dusty Pink | Albus 600mm Corian Basin

The Monta is here to bring you more than just a bathroom vanity unit – where you can create a feature element to elevate your bathroom beyond the ordinary. This is where contemporary elegance meets everyday performance.

Each unit is crafted with fully painted MDF inside and out, offering exceptional strength, edge stability and long-lasting resistance to wear, impact and scratches. Premium glass-sided drawers with anti-slip mats come as standard, paired with precision Camar hanging systems and beautifully chamfered fronts for a refined, high-end aesthetic.

Monta is not just built to impress, it's built to last. Available in a curated palette of on-trend colours including Dusty Pink, Cacao Brown and Cashmere Grey, making it effortlessly easy to style with modern interiors and expressive design schemes

Elevate your bathroom with the Corfu modern freestanding vanity unit. Its beautifully rounded corners soften the silhouette for a refined, designer feel.

Twin soft-close doors conceal generous storage for all your essentials, keeping your space effortlessly clutter-free. Compact yet substantial, it's ideal for smaller bathrooms, ensembles, or cloakrooms where style still matters. Refine your style with our choice of handles.

Sophisticated. Space-smart. Seamlessly modern. This vanity doesn't just fit your bathroom, it elevates it.

## FEATURES &amp; OPTIONS

**LED LIGHTING**

LED lighting products produce light up to 90% more efficiently than incandescent light bulbs. It's more efficient, versatile, and lasts longer.

**COLOUR TEMPERATURE & DIMMABLE**

Enjoy fully adjustable lights that are customisable depending on your individual needs.

**INFRARED SENSOR**

An infrared sensor helps to detect the movement of your hand and turn the LED lights on.

**TOUCH SENSOR**

Touch sensor operated LED light.

**HEATED DEMISTER PAD**

Heated mirror demister pads ensure that your mirror remains crystal clear even in the steamiest bathrooms. Attempting to wipe away the steam is ineffective and only results in soiling the mirror, making it even more difficult to clean.

**BLUETOOTH AUDIO**

These bathroom mirrors with Bluetooth speakers enable you to connect your phone wirelessly, allowing you to stream music, radio, and podcasts while you shower.

**WIRELESS CHARGING**

These mirrors have a smart contactless sensor so you can charge your wireless charging devices without having to plug them in.

**CHARGER SOCKET**

These elegant and stylish mirrors will ensure you never get caught without power for your shavers and electric toothbrushes.

**LANDSCAPE OR PORTRAIT**

The choice to place the mirror either in Landscape or Portrait format.

**SAFETY RATED**

A product that has a rating of IP44 means that it is protected against solid objects that are bigger than 1mm and water splashing from all directions. An IP44-rated item is safe to use in areas where it might get splashed such as above your sink.

## THE ULTIMATE IN STYLISH MIRROR DESIGN

Our Portrait cabinet offers ample storage along with handy features to make it the perfect multitasking addition to your bathroom.

Featuring both two-pin and USB charging sockets to keep your toothbrushes and shavers charged, whilst colour changing and dimmable LEDs allow you to create your perfect ambience. Lighting and demister controlled by a smart touch bar hidden under the cabinet.

- Variable & dimmable LEDs provide warmth and brightness from an invigorating daylight white (6000k) to a relaxing warm white (2700k)
- Touch controlled on/off bar to operate lighting and heated demister pad
- Heated demister pad prevents mirror from steaming up
- Internal two-pin and USB charging sockets for toothbrushes and shavers
- Soft-close doors provide quiet, controlled closure
- Features four adjustable glass shelves
- Double sided mirror doors and mirrored sides
- IP44 rated for safe use in the bathroom
- Can be surface mounted or recessed

## FEATURES &amp; OPTIONS

**COMFORT HEIGHT**

Comfort height toilets measure 4-5cm higher than a standard toilet, this makes them more comfortable for the user. A comfort height toilet may be the best option for you if you're taller, elderly or less mobile as there's less pressure on the knees and other lower body joints.

**RIMLESS TECHNOLOGY**

The rimless design makes it exceptionally hygienic and easy to clean, a simple wipe of the rim means there is nowhere germs can hide. Water is projected around the bowl to reach every part and ensure it is completely clean.

**SHORT PROJECTION**

A short projection toilet means that it has a shorter depth than standard, and therefore does not protrude as far, taking up less floor space. A short projection toilet is ideal for a small bathroom or cloakroom suite.

**WALL HUNG**

A wall hung toilet is mounted onto the wall instead of the floor. The cistern is fitted into the wall and is accessible via a flush panel. As the toilet pan floats a few inches above the floor, it creates the illusion of a larger bathroom and makes cleaning easier too.

**OPEN BACK**

Open back toilets are not fully concealed to the wall. This allows for easy access to pipework.

**BACK TO WALL PAN**

A back to wall toilet has been designed to be positioned against the wall with the cistern and pipework hidden from view so that only the toilet pan is visible. The cistern can be fitted into a WC unit or into the wall.

**FULLY ENCLOSED**

A fully enclosed toilet, meaning the waste pipe and water inlet are "fully enclosed" within the ceramic, so the toilet sits flush against the wall.

**EXPOSED INLET**

As the name suggest the pipework for the pan are exposed at the back, this allows access to the water supply for the cistern.

FLUSH PLATES PREMIUM

FLUSH PLATES PREMIUM

INNOVATIVE & CONTEMPORARY COLLECTION OF PUSH-BUTTON FLUSH PLATES FOR EVERY BATHROOM

These premium flushplate sets a new standard in both design and functionality, featuring a high-quality stainless steel front plate that offers a more luxurious feel. Its ultra-slim 4mm profile allows it to sit almost flush against the wall, creating a sleek, modern aesthetic. Available in a wide range of finishes, brushed finishes are treated with a durable PVD coating to ensure a long-lasting resistance to wear.

## Beautiful Brassware

### THE ULTIMATE TOUCH POINTS.

Discover the perfect finishing touch for your bathroom with our stunning brassware collection, where style meets versatility.

From classic chrome to bold black and striking brushed brass, our extensive range offers a variety of colours and finishes to suit every taste.

## FEATURES & OPTIONS

### ECO SAVE TECHNOLOGY

A two setting option available on the taps that reduces flow by 50% with the first setting and full flow with the second setting. This feature helps to conserve water.

### LOW PRESSURE

Low-pressure taps respond to this pressure by use of a drop-by-drop water surplus. Low-pressure taps are made to compensate for the high pressure that builds up between your water pipes and the hot water processing system. Using suitable low-pressure taps is crucial if your home plumbing system is open-vented.

### ANTI-LIMESCALE

One of the key issues is that limescale can build up around 'hot spots' within the showering system. To eliminate this issue, Anti-Limescale technology works by lengthening the heating elements as well as widening the gaps between the coils. This means that the heating tank runs at a consistent temperature throughout, eliminating the chance for the build-up of limescale.

### FREE STANDING BATH FILLER OPTION

This tap offers a matching Freestanding bath filler giving you the complete look.

### 180° SWIVEL HANDLE

We have a wide variety of furniture handles; whether it's an ultra-modern look you are after or a more traditional style, we have it covered.

### MATCHING SHOWERING OPTION

This tap offers a matching showering option to complete your desired bathroom.

## COLOUR GUIDE

When it comes to matching our brassware to the rest of your bathroom, you can follow our colour guide to select your finish, and then choose the style that matches your taste.

ALL GIRO TAPS ARE COLD STARTING

Cold start taps are designed to save energy by delivering only cold water when the tap handle is in its default, central position.

Hot water is only engaged when the handle is deliberately turned to the left (or towards the hot water side), preventing the unnecessary use of hot water and the energy needed to heat it.

**Mini Basin Mono Mixer**

## SHOWERING

## FEATURES &amp; OPTIONS

**TOUGHENED SAFETY GLASS**  
Is stronger than regular glass. This added security is achieved by heating the glass at a high temperature and rapidly cooling. The result is a wetroom panel that is more resistant to impact, giving you peace of mind in your bathroom shower.

**MAGNETIC CLOSURE**  
All our enclosures offer magnetic closing systems to try eliminate the enclosure being accidentally opened while in use.

**CLEAN - CLEAR GLASS COATING**  
Comes with an easy clean coating, ensuring your day to day cleaning is hassle free, leaving fewer streaks and stains.

**QUICK RELEASE ROLLERS**  
Our enclosures are fitted with quick release rollers where possible. Quick release rollers allow access for cleaning in difficult to reach areas, simply unclick the rollers, clean and click back into place when done.

**RANGE OF STABILISING OPTIONS**  
We offer a range of stabilising options for our wetroom panels so you get the best piece of mind no matter what type of installation you incur.

**REVERSIBLE**  
Our Enclosures are reversible where possible, meaning they can allow for either a right or left side opening.

**25 - 50MM ADJUSTMENT**  
Offering adjustment on all enclosures for out of plumb walls.

**COOL TOUCH**  
'Cool touch' version ensures that the metal valve body does not get warm to the touch, unlike conventional bar mixer showers. With cool touch, the cold supply runs across the valve before being 'mixed' to ensure added showering comfort and safety for children when showering.

**TMV2**  
A TMV2 fitting is designed for use in a domestic environment. They work with water pressures of between 0.1 bar and 5 bar, and are ideal for use in households and other domestic settings.

**TMV3**  
TMV3 fittings have been specifically designed for use in healthcare environments. Hospitals, care homes, and other similar settings must use these; installing TMV2 valves would not suffice. TMV3 fittings are also designed to work with much higher water pressures, from 0.2 bar to 10 bar.

## FEATURED BRANDS

TAVISTOCK

## Stunning Showers

A WORLD OF CHOICE AND DESIGN.

Transform your bathroom into a personal sanctuary with our diverse showers collection, designed to suit every style and space.

With high-performance functionality and elegant finishes, our showers combine comfort, innovation, and style to elevate your daily routine.

# SHOWERING

## CONCEALED SHOWERS

**A concealed shower system offers a sleek, modern look by hiding pipes, valves, and fittings behind the wall, leaving only the essential controls and showerhead visible.**

This enhances the bathroom's aesthetic appeal with clean, minimalist lines. Beyond style, concealed systems provide flexibility in layout and functionality, allowing for multiple outlets, such as an overhead rain shower and a handheld shower, controlled from a single panel.

A concealed shower system delivers a luxurious, efficient, and visually refined bathing experience.

## SHOWERING

EXPOSED  
SHOWERS

**Exposed systems provide excellent temperature control and durability, with many models combining thermostatic valves for added safety and comfort.**

Additionally, their distinctive appearance can serve as a stylish focal point, blending functionality with timeless character.

One of its main advantages is ease of installation and maintenance, as all components are accessible without the need to open walls or tiles. This makes it a cost-effective choice for renovations or upgrades.

WETROOM PANELS  
& ENCLOSURES

A wetroom panel enclosure brings a sleek, modern aesthetic to any bathroom while maximising both space and comfort. Its open, minimalist design creates a sense of luxury making even compact bathrooms feel larger and more inviting.

With fewer frames and moving parts, it's exceptionally easy to clean and maintain, offering long-lasting practicality. The seamless layout also enhances accessibility, providing a stylish solution for users of all ages and mobility levels.

Combining elegance with durability, a wetroom panel enclosure transforms your bathroom into a contemporary, spa-like retreat.

# SHOWER TRAYS

## SHOWER TRAYS

### SHOWER TRAYS YOU CAN TRUST

**Choose from tilable floor gullys, slate effect shower trays or slim options.**

Our premium range of shower trays, designed to combine style, durability, and practicality.

Choose from our ultra-slim trays for a sleek, modern look that enhances space and accessibility, or opt for the slate-effect finish to add a touch of natural texture and luxury underfoot. For the ultimate in bespoke design, our tileable gully trays let you seamlessly blend your shower floor with your chosen tiles for a completely integrated, high-end finish.

Whatever your style, we have the perfect tray to complete your dream shower space.

# LUSINO 3D EFFECT

## STUNNING 3D SLATE EFFECT

LUSINO 3D trays feature an exclusive surface pattern, taken directly from a piece of slate, for a truly authentic finish.

The acrylic capped surface is Slip, Stain and Impact Resistant and contains an anti-microbial additive to inhibit the growth of bacteria and mould.

- Slip-Resistant PTV\* Value
- Slider #55: DRY: 95 PTV; WET: 42 PTV
- Custom 3D slate design, unique to each shower tray
- Anti-Microbial impregnated Acrylic capped ABS surface
- Slip-Resistant to EU Standards
- Structural resin bonded stone filler for stability

Slip-Resistant to EU Standards

Structural resin bonded stone filler for stability

AVAILABLE IN WHITE & SLATE

Custom 3D slate design, unique to each shower tray

# FLEXI-SEAL + BONDMASTER TANKING SYSTEM

PROTECTS AGAINST WATER DAMAGE CAUSED BY LEAKS

## FLEXI-SEAL

Use Flexi-Seal to protect floors and ceilings from expensive water damage caused by leaks from shower trays, baths and work surfaces.

Flexi-Seal uses a combination of a durable flexible rubber with a waterproof butyl based adhesive to give maximum protection between the application surface and tiles or panels.

Since the rubber is flexible, it will maintain a watertight seal whilst allowing for a certain amount of movement that is inevitable, particularly with new builds.

Available in 2m, 3m, 4m, 10m & 20m rolls.

SIZE	CODE	PRICE
2m	TFLEXI2	€43.50
3m	TFLEXI3	€64.50
4m	TFLEXI4	€84.50
10m	TFLEXI10	€207.00
20m	TFLEXI20	€397.50

## BONDMASTER TANKING SYSTEM

- Kit for tanking shower rooms
- Contains Tilers Primer, Polyester Joint Tape, Waterproof Liquid Membrane & Polyester Matting
- Used prior to fixing ceramic wall tiles
- Ensures a water tight barrier preventing water penetration
- Suitable for use on a wide variety of surfaces including concrete, cement-sand rendering, plaster, plasterboard and moisture stable timber boards
- Not recommended for outdoor use
- Covers 6sq metres

CODE	PRICE
WFTANK6	€115.50

# iCON FAN COLLECTION

The iCON range offers a stylish and innovative approach to ventilation. The unique 'iris' system operates by opening and closing as required. This greatly reduces back draft and external noise ingress.

The units come in three variations; iCON15, iCON30 and iCON60 which are customised for various applications as can be seen in the table below.

All units come as standard in a white finish with the option to upgrade with a choice of finishes and control module options.

Note that the iCON range has been designed to provide ventilation levels that meet the latest Building Regulations ADF.

### FEATURES

- Conforms to IPX4 rating
- Range of finishes available
- Stylish, slim and unobtrusive in walls or ceilings
- Unique iris shutter, prevents backdraughts, operates silently
- Interchangeable control modules match fan to installation requirements
- Circular design, no squaring up
- Very simple installation
- 3 year warranty

## Adding a Whirlpool option

If a bath has a Whirlpool option it will have an icon like the ones below. Each icon shows how many jets are available for that particular bath so just add the code when placing an order.

## What is a Whirlpool Bath?

Whirlpool Baths, available from R.T. Large, are a great feature to install in your bathroom. A whirlpool bath is a bath that has been fitted with whirlpool jets, which are placed on the side of the bath body, these are then operated by controls that are placed onto the ledge of the bath.

All the whirlpool baths from R.T. Large are attributed with great style, unbelievable functionality and contemporary design. More so, the high standard of quality parts and equipment allow you to enjoy a luxurious experience.

## How do Whirlpool Baths work?

Whirlpool baths are operated by air and water. The suction of the whirlpool takes the water from the bath via a suction plate and into the pump, the pump then forces the water out through the whirlpool jets. The force of the water being pushed out of the jets can be adjusted with an air controller.

R.T. Large Whirlpool options, are available on many of our inset baths in a variety of jet configurations. Look out for the Whirlpool logo in the bath section to see which baths are suitable for the application. All attributes of our whirlpool bath ensure optimum satisfaction.

**Please Note;** There is a 3 week lead time on all Whirlpool Baths.

## FEATURES & OPTIONS

### TOWEL HANGING OPTION

A bathroom radiator is a great way to complete the look of any bathroom but also has the practical use of warming your towels. A heated towel rail is easy to install and come in lots of different sizes and styles to meet your needs.

### DESIGNERS CHOICE

Designer radiators are designed to add unrivalled and superior style and comfort to any room of your home, without compromising on functionality.

### COLOUR OPTIONS

A choice of colours options available for your radiator.

### SIZE OPTIONS AVAILABLE

A comprehensive range of sizes available suitable for all bathrooms.

### ALUMINUM RADIATOR

Aluminum radiators transfer the heat from the boiler to the room faster than steel radiators. They require less heated water from the boiler and will be faster to respond to changes in the room heat requirement, reducing any wasted heat.

## COLOUR GUIDE

The colour guide for our range of radiators makes it easy for you to match your radiator with the other finishes in your bathroom. Available in a range of colours, sizes and designs.

● Chrome	VENIEZIA	MILAN			HD22 LADDER RAILS	E-BORMIO
● Brushed Brass	VENIEZIA				HD25 LADDER RAILS	E-BORMIO
● Anthracite	VENIEZIA	MILAN	TURIN	JUPITER	HD22 LADDER RAILS	
● Gunmetal Grey	VENIEZIA					
● Matt Black				JUPITER	HD22 LADDER RAILS	E-BORMIO
● White				JUPITER		TRADITIONAL RADIATORS

## Radiant Radiators

ELEVATE YOUR BATHROOM WITH OUR STYLISH RADIATOR COLLECTION.

Our radiators do more than just offer heat and comfort, they offer the opportunity to add design and style to your bathroom.

With a fantastic range of colours and styles to match all your bathroom accessories.

# COSYTOES

Suitable for domestic and commercial installations, Cosytoes TRADEMAT is ideal for almost anywhere that requires efficient and economical heating.

Now you can have the affordable luxury and practicality of a tile or stone floor that is warm and inviting to walk on, even on the coldest days.

Cosytoes TRADEMAT can also be installed in a screed or self-levelling compound under most floor finishes such as hardwood and laminate following manufacturers advice, and carpet or vinyl.

- Completely safe
- Maintenance free
- Efficient, intelligent control
- 160 watts per square metre
- Safe 9 watts per linear metre
- Suitable for insulated concrete or timber sub-floors
- More wall space, no radiators
- Healthier environment, less airborne dust

"That warm comfortable feeling begins with the feet"

USE ANY COMBINATION OF THE FOLLOWING TO HEAT THE REQUIRED AREA.  
ALWAYS CHOOSE THE MAT OR COMBINATION THAT IS EQUAL TO OR LESS THAN YOUR REQUIRED AREA.

Code	Product	Output Watts / m.sq.	Total Output Watts	Area Covered Square Metres	Matt Size	Price
COSYTM10	TM1	160	160	1	0.5m x 2.0m	€183.00
COSYTM15	TM1.5	160	240	1.5	0.5m x 3.0m	€243.50
COSYTM20	TM2	160	320	2	0.5m x 4.0m	€303.50
COSYTM25	TM2.5	160	400	2.5	0.5m x 5.0m	€363.50
COSYTM30	TM3	160	480	3	0.5m x 6.0m	€404.50

## 3 Simple and Easy Steps

- 1. EASY TO SIZE**  
Floor area in sq.m. less than 10%, less any area of fixed objects.
- 2. EASY TO LAY**  
Staple, hot glue, clip, screw or use Cosytoes plastic push in fixings to fix down the backing net. Cut the net between wire loops to change direction. Correct spacing assured. Simply tile the floor as normal using flexible adhesive.
- 3. EASY TO USE**  
Use Cosytoes pre-programmed Timerstat for accurate simple time and temperature control.

Full installation instructions included.

20 YEAR WARRANTY

## Manual Timerstat

### Features

- Simple on / off button
- Useful individual room stat for timed circuits
- 16amp switching capacity up to 23m<sup>2</sup> of mat
- Floor sensor included
- Twist dial temperature adjustment

COSMAN €125.00
